

Today is ...

Analytics Day

**« How did my investments in
analytics (data, tools, people)
contribute to my top line? »**

The answer depends on which side of the wall you are :

How can you move on the other side ?

“ Our mission statement at OpenHealth is to help you break through the analytics wall

Health analytics at your finger tips.

The HUB : current and future features

**6 last quarters
From Q1 2017 – Q2 2018**

Main focus : deep causality

*Associative Platform
Additional sources of data
Customer type*

Health analytics at your finger tips.

Q3 2018

Main focus : Marginal gains

*Price analysis
Consumer data
Waterfall financial visualization
Market concentration : Gini index and
Lorenz curve*

Health analytics at your finger tips.
